NatSCA supports open access publication as part of its mission is to promote and support natural science collections. NatSCA uses the Creative Commons Attribution License (CCAL) <http://creativecommons.org/licenses/by/2.5/> for all works we publish. Under CCAL authors retain ownership of the copyright for their article, but authors allow anyone to download, reuse, reprint, modify, distribute, and/or copy articles in NatSCA publications, so long as the original authors and source are cited.

The list of research studentships and fellowships has been published by NERC in "Research Training Supported by the Natural Environmental Research Council".

The most potential would appear to be available to the student whose project is entitled "Decision making in Aphids".

### Taxidermy

A new book has been published by Duckworth's of London at £9.95. Written by John Metcalf, a well known taxidermist, and entitled Taxidermy, a Complete Manual it has chapters on the historical perspective, health hazards, etc., and includes useful appendices on Taxidermists and the law, contagious diseases, a table of eye sizes and colours and a list of suppliers of materials. It is available from Frank W. Joel Ltd., Museum and Laboratory and Archaeological Suppliers, Old Meadow Road, Hardwick Industrial Estate, Kings Lynn, NORFOLK, PE30 4HK.
