ELECTION OF COMMITTEE AND OFFICERS - 1980/81

Now is the time to be thinking about who should be running B. C. G. for the next period of office. When there is competition for a post we hold a postal ballot, so any nominations should be sent to me (approved by the nominee, and seconded) by February 4th. Not that members are exactly clamouring to take over the duties, nor am I advocating change for the sake of change, but you cannot expect the current committee to carry on some of the more time-consuming tasks indefinitely and an organisation like the B. C. G. does benefit from new ideas and approaches. So please think about who - and what - you want for B. C. G., and let us know!
